BUREAU OF PLANT INDUSTRY

Fruit and Vegetable Crops and Diseases

GPO 8-3591

We take this opportunity to thank our customers for their kind patronage and letters of commendation of our stock and treatment; and wish we could have time to answer personally all letters at length. We will continue to try to send out the best stock available, and will cheerfully replace, or refund full value, on any that prove otherwise. Notify us if anything is unsatisfactory when received, and we will be only too glad to adjust same to your satisfaction.

DAHLIAS

We are situated on high ground, which produces solid roots full of vitality; but when it comes to flowers, we look with envy on some of our more fortunate customers, who grow their flowers on lower and more humid locations.

About 90% of our dahlia stock is grown from roots for two or more years, and we wish we could send out all stock grown from roots for two or more years. Unfortunately we find some of the newer varieties, and notoriously a good many foreign varieties, unreliable for a few years after dissemination. This may be due either to climatic conditions, inherent weaknesses not yet apparent, or over propagation or wrong propagation before dissemination. They put forth a dazzling exhibition one year and a miserable fiasco the second, and then take two years to recover.

ROOTED CUTTINGS will be sent out at two-thirds of the price of plants where plants are listed. Our rooted cuttings are really small plants, which have been potted for two weeks and then shipped with soil removed.

Unless otherwise ordered roots and rooted cuttings will be shipped the first week in May, and plants May 25th. On orders less than \$1.00 include 10c for postage. Plants sent more than five hundred miles, include 25c for special handling.

HALF PRICE SALE

(Read Carefully)

Varieties marked * will be HALF PRICE, on orders of two or more varieties, when order totals \$2.00 or more net, or \$4.00 or more list price. On orders of less than \$2.00 net, of two or more varieties, deduct 1/3 off the list price, on varieties marked *.

A weekly spraying of "LUCKY STRIKE" or any other good pyrethum and rotenone spray, will rid your garden of injurious insects.

Rating on dahlias are our own, based on results obtained in our gardens. These ratings are apt to change, as our ideas of dahlia perfection changes; also, some dahlias do not show their true worth the first year, while others show some faults not apparent in more favorable seasons.

SEEDLING IRIS

We have many beautiful hand pollenized seedling iris. The ones we retain are all better and larger than older existing varieties, but are too similar to the newer higher priced iris for introduction, so we are offering these-un-named, our choice and assorted colors, at six for \$1.00.

PUBLICATIONS of interest to dahlia fans are: "American Dahlia Society Bulletin," 251 Court Street, West Haven, Conn.; "Mid West Dahlia News," 170 Talmadge Street, Madison, Wis., and "The Flower Grower" and "Flowers and Gardens."
